

# **SUPERIOR STUCCO ARCHITECTURAL FOAM**

DISTRIBUTED BY

**SAN JOSE STUCCO SUPPLY & DRYWALL**  
**ESTABLISHED IN 1955**

Take the ordinary and make it EXTRAORDINARY!

Architectural Foam is the most economical and environmentally safe way to create amazing decorative trims around windows, doors, eaves, corners, posts, columns, chimneys, fireplaces and just about anywhere, on your residence or place of business.

With many decorative and standard finishes it allows you to really get that look you were going for. For either Interior or Exterior uses.

The computer-generated EPS foam shapes are only as limited as your imagination. If you can think of a shape, we can probably cut it and coat it for you.

Foam trims bring elegance to your home or business without the huge price tag. Call our experienced staff and start your project with the leader in the Stucco industry.
