

Coverage

Approximate yield per 50 lb bag:
~14 Square feet of plaster @ 3/8" thick
(depending on water content)

Coverage will vary depending on ambient temperature, surface porosity, and/or application methods.

Packaging

50 lb (22.7 kg) moisture-resistant bags

Storage

1. Protect bags from weather and other damage
2. Store bags in a cool, dry location
3. Store out of direct sunlight
4. Store away from direct contact with the ground and/or concrete

Shelf Life

Up to 12 months when stored:
Dry
Off ground
In original packaging

Color

Natural Grey

Product Description

QuickSet™ is a preblended, rapid-setting cementitious stucco material designed for **maximum jobsite efficiency and consistency**. Formulated with a proprietary blend of:

- Portland Cement (ASTM C150 Type II/V)
- Calcium Aluminate Cement (CAC)
- Performance admixtures
- Pregraded plaster sand (ASTM C897 equivalent)

QuickSet™ is engineered to provide:

- Add-water-only simplicity
- Same-day scratch, brown, and finish capability
- Controlled working time with rapid early strength

Features

Benefits

<i>Just Add Water</i>	No field blending required
<i>Crack-Resistance</i>	Formulated for reduced shrinkage
<i>Fast Recoat Time</i>	~60 minutes between coats
<i>Extended Workability</i>	More forgiving than concentrate systems
<i>Consistent Performance</i>	Factory-controlled sand gradation
<i>Reduced Efflorescence</i>	Optimized chemistry
<i>Low Shrinkage</i>	Improved dimensional stability
<i>Contractor Friendly</i>	Smooth Application, Minimal Drag

Basic Uses

- Exterior Stucco Basecoat Systems
- Scratch and Brown Coat Applications
- One-Day Stucco Systems
- Fast-track construction
- Residential and commercial plastering
